Critical Intelligence Problems Committee

DCI/ICS 84-3965
7 December 1984

Brig Gen James R. Klugh
Commander
Chemical Research and Development Center
Aberdeen, Maryland 21010-5423

Dear General Klugh:

I wish to thank you and your staff for a most informative series of presentations.

The members of the CIPC CBW Intelligence Subcommittee considered this to be a very useful introduction to the activities of the Chemical Research and Development Center; several of the problem areas highlighted are subjects of particular interest to the Subcommittee. Your presentations have provided the information necessary for the group to make recommendations to the appropriate members of the Intelligence Community.

Our particular thanks goes to Mr Jim Byrnes and Mrs Mary Becker for their efforts in arranging the presentations.

I hope that the contacts made between the members of your staff and the members of the Subcommittee will prove to be both continuing and mutually beneficial.

Sincerely,

/Signed/

Chairman
Chemical/Biological Warfare
Intelligence Subcommittee
